NCN's Kevin Hart Elected as AFN Manitoba Regional Chief!

On July 23, 2015, Kevin Hart of the Nisichawayasihk Cree Nation was elected Assembly of First Nations Manitoba Regional Chief after being nominated by NCN Chief Marcel Moody at the recent AMC Assembly in The Pas. The election took place at the Assembly of Manitoba Chiefs 27th Annual General Assembly in Opaskwayak Cree Nation, Manitoba.

Hart won out over five other candidates and will be serving his first term as Regional Chief of Manitoba. He was currently working at Assembly of Manitoba Chiefs.

The newly elected Regional Chief will be a voice for our First Nations women, children and Citizens in Manitoba and advocate for rights and Treaties in Manitoba and at the national level. He will work to advance First Nation priorities in his region and across the country. He also hopes to get more First Nations voters out in the next federal and provincial elections to let governments know that First Nations matter and he will work to help the

families of missing and murdered Indigenous women. Kevin Hart replaces former Regional Chief Bill Traverse and respectfully acknowledges his family, other leaders,

NCN Citizens and Elders for their support.

Attention NCN Citizens, you are invited:

NCN GENERAL ASSEMBLY

Tuesday, September 15, 2015 in Nelson House (dates subject to change)

OKIMAHKAN OTY'AMIWIN

From the Chief

Tansi!
I hope you are enjoying our summer and had fun at the festival last week. It is hard to believe that a year has already gone by since you honoured me by electing me as your Chief. Even though I have been on Council for many years, it has been a real learning curve sitting in the Chief's chair. My greatest frustration is not having enough hours in the day to connect with more of you on a personal basis which means having to rely on this column and other means to let you know the progress we are making on the Vision I laid out for you last summer, one I still believe we can accomplish together collectively as a unified Nation.

Housing and Infrastructure

The good news is that we are making progress. The bad news is that it is taking longer than I had hoped to achieve some of the goals I laid out. This means that my Council colleagues and I really need you to maintain your support for our platform and continue to be patient awhile longer. I know it is asking a lot but by completing the Wuskwatim PDA this spring we now have the foundation to start improving our houses. We have recently obtained a report on the repairs needed to improve our houses and are planning how to move forward with the repairs and up to 9 new builds this year. We are also in the final stages of obtaining long term financing proposals from several major banks so that we can accomplish the plans laid out previously. Due to our Wuskwatim investment, the banks are paying attention as we now have the means to lock in financing at favourable interest rates while they are low.

We plan to start community consultations on our new community hall with space for Elder and Youth programming by early this winter. Our goal is

to start building next construction season. At the General Assembly next month, I plan to provide you with a checklist of what has been accomplished so far from my election platform and the target dates for completion of my remaining commitments. I will also explain any challenges or impediments we are facing in moving forward the Vision I laid out.

Some of our other projects, such as the Mystery Lake Conversion and federal funding for a new water treatment plant and lagoon seem to be on hold pending the outcome of the federal election. Regardless, we are trying to continue moving these important issues forward to a favourable conclusion.

I hope to have more information about the paving of our roads and causeways for the General Assembly in September. It is so frustrating always having to wait for others so we can accomplish our goals but co-operation and advocacy with other levels of government and potential partners is a big part of the Chief and Council's job.

Constitution and Development of our own Laws

The difficulties experienced this spring within our Education system has reinforced our need for improved governance systems. Therefore, we plan to finalize the draft Constitution in September and hold a vote on it before the middle of December. We need to be able to pass our own laws. I recently read an interesting article about how we as Indigenous peoples have had constitutions of our own for many years as a constitution is really nothing more than the rules by which a Nation has decided to live. We have always had our own rules for how we will live as a society. The draft Constitution is a blend of our traditions and the evolution of our rights, responsibilities and government structures to address today's modern challenges.

Please take the time to read the materials about the Constitution as we need your support to create a strong foundation for our future. Democracy is a precious gift we should never take for granted. The best way to protect democracy is by becoming involved.

MKO Assembly

Manitoba Keewatinowi Okimakanak (MKO) was incorporated in 1981 as a non-profit, political advocacy organization to provide a collective voice on issues of inherent, Treaty, Aboriginal and human rights for the citizens of the 30 sovereign First Nations in northern Manitoba.

MKO receives its mandate by resolutions approved by the MKO Chiefs in General Assembly. The Grand Chief is elected for a three-year term and serves as the principal spokesperson for our 30 First Nations. A regionally representative Executive Council of Chiefs provides ongoing direction between General Assemblies.

This year from September 1 to 3rd the MKO General Assembly will be held at the Gilbert MacDonald Arena. I hope you will take the time to come out and observe the work we do on your behalf. This will be an exciting Assembly as it is Grand Chief election time. NCN Citizen and our former Council colleague, Elvis Thomas will be running against current Grand Chief David Harper from Garden Hill, Tyler Duncan, from Norway House, and Sheila North from Sapatoyak. It would be very exciting if an NCN Citizen was elected Grand Chief the same year that another NCN Citizen was elected Vice-Chief of the Manitoba Assembly of Chiefs (AMC) but I also want to wish all of the candidates the best of success in this important leadership contest.

The MKO Chiefs will debate various resolutions about ways to strengthen and promote the interests of our 30 First Nations. Our goal

is to achieve autonomy and self-sufficiency with respect to all areas that affect our lives. We will be discussing how to improve housing and infrastructure, prohibitions on nuclear waste programs, an inquiry into our murdered and missing women as well as ongoing concerns about child and family services and other important issues. All debates are open to the public so I encourage you to attend for even part of the three days. Let's showcase NCN as the friendly, hospitable community we are.

Back to School

School starts again on September 7th. The new school board elections will be held as soon as possible in the new school year. We are waiting for finalization of the court order on candidate qualifications under the NCN Election Law. We also plan to discuss the independent consultants' report we obtained with respect to the events last spring and the recommendations made so that we can strengthen our education system and Council's oversight of that system. From this review, we have also determined that Council portfolio responsibilities and reporting needs to be added to our proposed Constitution.

Most importantly though on the education front is the involvement of parents and guardians in your children's school lives. Take the time to encourage your kids to attend school, do their homework and get plenty of rest so that they will be able to learn. Education is essential for the future of our children and our community. It is up to us to provide them with the home environment that will lead to their success. Our graduation rates are slowly improving at all levels. Let's keep improving those numbers so that we have the highest number of students per capita graduating from high school.

NCN General Assembly

Under the proposed Constitution we are to hold at least two General Assemblies every year. Our draft Constitution says that General Assemblies are to be held so that Chief and Council can provide information to NCN Citizens, seek their advice and direction and so NCN Citizens can raise issues of concern to them.

Our next General Assembly will be held around the middle of September. By the end of this year, our goal is to have an annual calendar of events developed so that there is plenty of advance notice about when General Assemblies will take place.

General Assemblies are an important vehicle for two way communication. We want to hear from you and we want you to know what your leadership has been doing on your behalf. We hope that General Assemblies can become a mechanism for positive dialogue between NCN Citizens and your government throughout the year.

The NCN Strategic Plan has been developed and a draft will be presented at the General Assembly to obtain further feedback from you about the goals we have identified based on past conversations with you.

As always, I welcome your feedback and input so let me know your thoughts. I know that it is sometimes hard to reach me by phone or at the office so I hope to hire an Assistant soon who can help me follow up on your concerns more rapidly.

Ekosani!

NCN Men Save Individual From House Fire

Clifford Hart Jr. and Lambert Anderson are being hailed as heroes for rescuing an NCN individual from a burning home on Poplar Drive in mid August 2015. Four people were in the home at the time of the fire. Two were taken to the nursing station to be treated for non-life threatening injuries and one individual was taken to Health Sciences with serious injuries and is now in stable condition. The house was destroyed in the fire. The two brave men risked their own lives by entering the smoke-filled home to ensure the safety of their fellow NCN Citizens.

The cause of the fire was not suspicious and the estimated costs of the damages were not available. Officials are reminding Citizens to ensure fire safety, check smoke detectors regularly and plan emergency escape routes in your home or workplace.

Clifford Hart Jr. and Lambert Anderson are being hailed as heroes for rescuing an NCN individual from a burning home.

NCN Bids Farewell to RCMP Corporal New NCN Officer Sheldon Moore Welcomed

Kenneth H. Pinsent
Corporal

Those who know him or have seen him in the community know Corporal Kenneth H. Pinsent is a well-respected and highly regarded officer. After two years with the NCN detachment, the Corporal will be moving on as of August 14 and leaving the community on August 23. We wish him well in his future endeavours and would like to thank and acknowledge Pinsent for his years of service to NCN Citizens and commitment to going above and beyond the call of duty.

Citizens appreciated his dedication and

personable approach and are grateful that Kenneth often took the extra time to be part of community events. He gave the time to educate and demonstrate the importance of law enforcement and safety to youth and truly "gave back" to our community. Good luck and best wishes Corporal Pinsent!

NCN welcomes Corporal Sheldon Moore to the NCN RCMP. Moore is an NCN member and formerly worked in Thompson.

REGISTER YOUR CHILD WITH NCN REGISTRY

It's important and easy for NCN parents to register their child with the NCN registry. When children are not registered, it affects their non-insured health benefits coverage like prescribed medication, dental work, glasses, ambulance service and coverage for medical appointments to Thompson or Winnipeg.

Register Your Child Today with
Melissa Moore, Membership Clerk
at the NCN Government Office

William Elvis Thomas Runs for MKO Grand Chief

NCN Citizen, William Elvis Thomas has been nominated by Chief Moody to run as a candidate for MKO's Grand Chief. Thomas will run along with three other candidates in MKO's grand chief election, which will take place September 2, 2015 at the Nisichawayasihk Cree Nation in Nelson House, Manitoba.

The other candidates include incumbent David Harper of the Garden Hill First Nation, first elected in 2009, Tyler Duncan of the Norway House Cree Nation and Sheila North Wilson of the Bunibonibee Cree Nation.

All chiefs, headmen and councillors of member First Nations are eligible to vote in the election.

NCN Citizen, William Elvis Thomas running as a candidate for MKO's Grand Chief.

PUBLIC AND COMMUNITY NOTICES

Housing Authority Recommends Tips for Better Air Quality in Your Home

Improving air quality in your home can often be linked to moisture, mould dust and harmful particles that can circulate through the ducts, walls, attic and floors of your home. The

Change your furnace filters each season every year.

Nisichawayasihk Housing Authority recommends several helpful tips to ensure the air in your home remains in good quality. Poor air quality can make you sick and dramatically affect those with asthma or respiratory problems.

- Always check to see that your sump pump is plugged in and working
- Do not cover/close your floor vents at any time
- Keep your floor vents clear of debris at all times
- Spring clean your attic and cellar every year. Throw out unused items as soon as possible
- Always check the batteries in your smoke detectors. Homes with wood stoves must also have carbon monoxide detectors
- Do not store firewood indoors
- Beds, dressers and other large items should not be pushed against the walls, especially outside walls
- Beds should be on bedframes and not directly on the floor
- Change your furnace filters at least four times a year
- Clean your HRV filter with soap water at least two times a year
- During the winter months, do not poly your windows from the outside
- Report all water leaks immediately
- Make sure your dryer vents are clear and properly connected to the outside
- Discard clutter and excess materials in the home. Mould can grow on clothes, paper, wood, etc.
- Do not over water your plants; mould can start in potted plants
- Keep your floor and wall vents clean and free of dirt and dust at all times
- If you have a water aquarium, it needs to be covered
- Do not hang wet clothes indoors
- Always turn on your stove exhaust fan when cooking. Try not to prolong the simmering of liquids and foods
- Keep your home temperature consistent during the summer and winter months. Hot and cold air mixture causes moisture build up
- Keep your curtains open so warm inside air circulates with the outside cooler air.

Outages Can Happen Without Notice. Are you ready?

Power outages and water interruptions can happen without notice or warning. It is advised to keep a supply of bottled drinking water, canned and dry food, candles, matches or flashlights, emergency supplies and extra blankets or heat sources in your home in case of an outage or emergency. Remember, generators are good, but must be safely run outdoors and should not be operated

Be prepared by keeping a good stock of emergency supplies, water and canned or dry food in your home at all times.

inside without proper ventilation. Don't get left in the dark, cold or without water!

Lake Water Levels Dropping in August and Rise in September

Forecast August 1 – September 31, 2015

On August 1, 2015 the level of Footprint Lake was expected to be 795.16 feet. By mid month levels were recorded at 796.09 and are projected to drop to 795.08 by the end of the month. During the month of September the level of the lake is expected to rise approximately 1 foot 10 inches to an elevation 797.17 feet by the end of the month.

Arrangements have been made to broadcast the forecast on NCN Achimowin TV/Radio Communications and Arctic Radio C.H.T.M. Thompson.

YOUTH CENTER
JUNE 2015
Calendar

Join us for Fun!

Every Monday/Wednesday,
6 p.m. – 9 p.m.

Drumming Fun

We will have drumming lessons at the youth center with teacher Tyler Linklater. We have hand drums, but if you have your own, you're more than welcome to bring it.

Every Tuesday/Thursday,
6 p.m. – 9 p.m.

Arts and Crafts

We will be doing various activities like beading, pillow-, purse-, and jewelry-making crafts. Bring your friends and family. All are welcome!

NCN RCMP Cadets Head to Regina

How do our RCMP and cadets measure up against the top cops in Canada? An RCMP event in Regina, Saskatchewan will prove just that. Two local cadets are set to take part in events that will test and train for endurance skills and ability.

The Canadian Police Combat Association also holds an

annual National Police Shooting Championships annually for the top cops in Canada. The annual shooting event is now over 100 years old and the Cadet events have been done annually for 37 years.

As part of the Police competition, shooters have to shoot

in a variety of positions – including while sitting and with either hand – and at varying distances from their target.

Stop Cyberbullying – Protect and Respect Yourself and Others

We have all heard of it and we all know it is a growing concern. Each year, suicides and trauma can be attributed to the effects of cyberbullying. But it's not only a concern for teens; it is everyone's problem and responsibility to fight it. In fact, adults often have cyberbullying behaviour just as easily as young people.

Cyberbullying is abusive or harassing behaviour online, which includes sending or posting text or images that are intended to hurt or embarrass another person. The problem is not limited to any age group and it comes from a lack of respect for another person. Knowing and understanding ways to prevent and stop bullying will help protect yourself and others from harm.

How to Address Cyberbullying

- Don't pass along cyberbullying messages
- Block all communication with cyberbullies
- Set an example and discourage your friends from bullying others
- Report cyberbullying to a trusted adult or official
- Raise awareness of cyberbullying in your community by holding an assembly and sharing these tips.

Talk openly about cyberbullying and why we shouldn't participate in it.

Suggestions for Parents

- Set guidelines for your kids' internet activities and talk

about how they are spending their time online

- Talk openly about cyberbullying and why they shouldn't participate in it
- Discourage your kids from retaliating if they are being bullied online
- Keep your computer in a high-traffic area of your house so Internet activity is visible
- Encourage your child's friends and school to adopt rules of conduct online.

Knowing and understanding ways to prevent and stop bullying will help protect yourself and others from harm.

Help to Stop Cyberbullies

- Report cyberbullying problems to the local authorities and give them copies of bullying messages you've received
- If you are in school, speak with other students, teachers, and school administrators about rules against cyberbullying
- Get in touch with your Internet Service Provider (ISP) for assistance in blocking cyberbullies.

In addition to understanding how to protect yourself from cyberbullies, make sure your own behaviour won't hurt anyone

else. Just because you can't always see the people you interact with online doesn't mean your words or actions won't hurt them. If you wouldn't say or do something in person, don't say or do it online either. By respecting yourself and others, we all can work to keep the web a fun and healthy place to engage and interact.

Faith McDonald competes in Ottawa Ball Hockey Tourney.

Team Manitoba's Faith McDonald Competes in Ottawa Ball Hockey Tourney

NCN's athletic star Faith McDonald was a proud representative for NCN after having competed in this year's 2015 Canadian Ball Hockey Associations National Championships in Ottawa, Ontario from August 10-15, 2015. Being selected to the women's Provincial

Team Manitoba was a huge honour and demonstrated Faith's excellence in the sport.

The official version of street or ball hockey is a relatively young sport, with a very short modern history, but its roots can be traced back to similar games played with a ball and stick. The first documented history of such a game, called hurling, dates back to the second millennium BC when it was played in Ireland. The word "hockey" derives from a similar game played by the First Nations in North America, firstly observed in 1572.

The CBHA tournament consisted of men's and women's competition and 72 games, 144 player awards and was a fantastic event for athletes and spectators. Top Men's, Women's and Master's players from eight Canadian provinces played in

Ottawa in record numbers. Congratulations Faith and keep up the great work!

Employment Opportunity

HOME/SCHOOL COORDINATOR NISICHAWAYASIKH EDUCATION AUTHORITY

Salary: Negotiable

Deadline: Aug. 21, 2015, 4:00 p.m.

Interviews: August 25, 2015

The role of the Home/School Coordinator is: to act as a member of a multi-disciplinary team; to maintain open lines of communication between students, parents, teachers, schools and the community; and to be a liaison with all matters related to the students' welfare in the school setting.

Key Responsibilities:

- Home visits to discuss problems with students and help formulate solutions.
- Speak to parents about the reasons why students were sent home and review expectations required prior to the students' return to school.
- Interview students who return home and encourage their return to class.
- Interview students who drop out of school and, where possible, arrange for their return to school.
- Interpret students' problems to school officials where necessary.
- Interpret school policies to parents and report parents' wishes to school officials regarding their children's education as a means to promote parental involvement.
- Promote regular school attendance.
- Collect and collate student absenteeism's each day.
- Follow up on students' poor attendance by contacting parents and keeping staff informed about reasons for such absences.

- Keep statistical records as required.
- Submit and review with the Principal each month a summary report of work undertaken and progress achieved.
- Attend school staff or other meetings as required by the Director of Education and/or Principal.
- Attends home visits with school counselors and resource teachers as needed.
- Provide transportation between school and home for students sent home for various reasons (e.g. illness), and apprise the guardian of the children's condition.
- Maintain a log of trips using Authority vehicles and submit the log weekly to the Authority office.
- Disseminate information such as letters, pamphlets, etc. between school and home.
- Distribute report cards as required.
- Participate in student supervision as assigned by the Administration.
- Perform other duties from time to time as assigned by the Director and/or Principal.

Education:

MUST have a Valid Manitoba Driver's License.
Please submit a cover letter and detailed resume to:
